

This bill will only hurt tenants and make landlords, that are good to their tenants, sell and get out of the business. I don't know who thought this bill was a good idea....and thought it would never pass the house, but I was wrong! Now I'm scared for what nonsensical bills will be passed in the future. Please help STOP this bill from passing! It will take away landowners rights and penalize good tenants, while protecting horrible tenants.

PLEASE STOP THIS BILL!!!!

I'm a landlord in Jackson county and I urge you to vote NO on this bill!!!!!!!!!!!!
