Subject: Testimony in opposition to HB2027
Date: Tuesday, May 09, 2017 3:15:21 PM

Please vote no on this bill. The reasons given to ban all pedestrian bridges are self-serving to the residents near the trail that will be used. My husband and I have lived in Bend for 50 years, and enjoy the many trails available to us locally. Being able to access the area on the west side of the river without driving, is something we look forward to. The argument that this is detrimental to the wildlife and terrain are unfounded. Thank you for considering our opposition to this bill, Dennis and Karen Hoepfer
