I strongly oppose this bill. I am from Malheur county, eastern Oregon. I own an 8 unit apartment building. In the past year i have spent almost \$24,000 to update 6 of my apartments so that people will want to live there. We provide a clean, well kept apartment building, but sometimes it becomes necessary to evict someone based on their actions. Why should i then be burdened with paying their moving expenses. We are a very sparsely populated area, no industry, depending on primarily agriculture. Some of us feel like the stepchild of the state, all the do's and don'ts, can and cannot rules are made in a very populated area and we have to live with the consequences. Please do not pass this bill or at least make some kind of exception for this part of the state, we are 400 miles from the maddening crowd of Portland/Salem/Eugene
