

Please do not take my retirement income away. I have a right to earn a living just like every other person in American, the land of the free???? Do not tell me how to run my investments. It will result in less homes available for the very people that you are trying to help. Government does not have the right to interfere in my business. I am doing it ethically and legally. Leave me alone and all of the other landlords. **IT IS THE BIG INVESTMENT COMPANIES THAT YOU NEED TO GO AFTER.**

Thanks,
Donna Codanti
