Subject: support HB 2004

Dear senators,

I strongly urge you to support HB 2004 to lift the ban on local rent control. The ban currently in place prevents cities from using all tools possible to address our housing crisis. I am currently watching my community be ripped apart, as many families are facing a more than 100% rent increase. This is unjust, unsustainable, and destructive to the entire community. Please stand up for tenants who are just trying to provide stable homes for their children. It is time for you to step up and allow cities to protect the most vulnerable people in our society.

Sincerely,

Christa von Behren
