Respected Sir/Madam,

I Hanumantha Patlola owner of small apartment complex in Malin,OR. I am already facing big financial crisis because of none payment of rents and evictions. Many times I need to wait several months to even get the money to file an eviction. Apart from that big damage to the property. if "HB 2004-A" becomes law, several businesses like mine will die. So I request the committee to kindly understand our situation and "**Oppose HB 2004-A**".

Thanks,
Hanumantha Patlola
