After being a landlord in Portland for over 35 years I can't believe someone is going to tell me i can't sell a property if I choose to, .if the law being proposed passes, I will be held hostage by my tenant.I can't sell my property until my tenant chooses to move,or to have me pay them off to leave. how much will I have to pay them to return my property and legal rights? \$5000, \$10,000 or more?
