Date: Thursday, May 04, 2017 8:40:22 PM

This bill will negatively impact landlords, property mgmt. companies, and renters.
San Francisco, one of the most tenant friendly places, tried rent control. It didn't help. Many people opt of of the property ownership arena.
Fewer places available to rent.
People in mgmt property positions lose jobs.

This is a bill penalizing people for owning rental property!
