Subject: SB 65-A – Relating to the Psychiatric Security Review Board
Work Session Recommendations

SB 65-A authorizes the Psychiatric Security Review Board (PSRB) to establish a restorative justice program to assist recovery of crime victims. In addition, the bill modifies language relating to jurisdiction over persons found guilty except for insanity (GEI) of certain crimes. Under current law, the court may place persons found GEI under the jurisdiction of either the Oregon Health Authority or PSRB, depending on the offense for which they were found GEI. SB 65 consolidates all persons found GEI of a felony and committed to the Oregon State Hospital under the jurisdiction of PSRB. This change is operative on July 1, 2018.

The measure, the original staff measure summary, and the fiscal impact statement are available on the Oregon Legislative Information System (OLIS).

The measure previously had hearings in the Senate Committee on Judiciary on 2/13/17 and 4/18/17.

The bill is expected to have a minimal fiscal impact on PSRB, as the agency will have the staffing capacity the second half of the biennium to pick up the hearings previously done by the Oregon Health Authority. The bill is expected to have a savings of \$401,413 General Fund and a reduction of one FTE for the Oregon State Hospital in the 2017-19 biennium. This adjustment will be made in the Oregon Health Authority's budget bill, HB 5026.
