I'm writing as a tenant in support of HB 2004.

No cause evictions have been devastating to families across this state. People evicted without any cause have had to rush to find adequate housing; often costing them thousands of dollars in moving fees, U haul rentals, deposits on a new place, and rental application fees among other costs.

In many cases, families who couldn't afford all of these last minute costs ended up homeless, either staying with family, or even living on the street.

My family has experienced homelessness, though not in the state of Oregon, but also because of issues like this.

Tenants are a large share of people in this country, as well as this state. They deserve protections from predatory Landlords.

I hope the Oregon State Legislature will do the right thing and protect the people that don't have the means to protect themselves.

Sincerely,
Ocean Eale
