Dear Chair Gelser, Vice Chair Olsen, and Members of the Committee,

I would like to live in a state that has more protections in place for all tenants, and a state that is committed to its residents enough to say they don't need to be able to afford to be a homeowner in order to have housing stability and all the benefits that comes with it.

HB2004 begins making the right steps in that commitment. I ask you for your yes vote on HB2004.

Sincerely,
Xochilth Franklin
