Subject: In support

Hello,

As a former home-owner that has had to return to the status of renter after a divorce forced me to sell my house before I wanted to, I am writing in support of HB2004 because I am experiencing, for the first time in many years, the incredible insecurity that is wrought by being a renter in Portland. I have been a resident here for almost 12 years and had intended to stay here forever. I am very actively engaged in my city and my community but I am being priced out of Portland, as is much of the community that made this city desirable in the first place. Please help us stay in our homes and have the stability that is necessary for us to give back to our communities, in perpetuity.

Thank you,

Adriane
