

Hello,

My name is Brooke Hazard and I am a resident of Portland. I wholeheartedly support Oregon joining the NPVIC because I believe in **ONE PERSON, ONE VOTE** and that the Electoral College System is antiquated and negatively impacts an understanding of Oregon's issues by virtue of swing state focus during national elections.

Please pass HB2927 quickly out of the Rules Committee with a **DO PASS** recommendation so that it can move through the House and on to the Senate.

Respectfully,

Brooke Hazard
