

Dear Sirs/Madams

I am a Portland area family nurse practitioner and have seen first hand the damage that our diesel filled air causes in young lungs. I am writing to implore you to bring back SB 1008, The Diesel Bill, in it's original form. It is appalling to me that the Oregon legislature can be so swayed by corporate lobbyists and turn it's back on the health of Oregonians and our environment.

Diesel kills! Restore SB 1008 to its original form! We are lagging far behind our West Coast neighbors and it is time for Oregon to step up to the plate and clean up our polluted air.

Thank you.

Sincerely,

Dana Mozer, FNP
