

House Leader Jennifer Williamson and House Leader Mike McLane
and House Rules Committee members.

I do not usually submit testimony to Work Sessions, but noticed that there was already
Testimony submitted and wanted to ensure that the opposition to HB 2927 was registered!

HB 2927 is a horrible piece of legislation which will make Oregon a State that no Presidential
candidate would visit and campaign.. why would they, we would be irrelevant as a State with a
smaller population unlike New York or California.

The Electoral College was put in place so smaller States would be better represented, why
would anyone want a President that is elected by just a few large populated States!

I urge that HB 2927 not pass out of committee.

Thank you,

Bob Sowdon
