

Hello,

I'm a fifth generation Oregonian who is proud of what my state represents. We are a state of trailblazers and doing what is right. I wanted to send my support for HB 2927 with the aim that Oregon once again helps lead the way for this country. The electoral college is archaic and rooted in slavery. While I'm a registered democrat, I would want the vote of the people to stand regardless of the party who won. Please pass this bill for the people of Oregon.

Thanks,

Anne Snyder Grassmann
