

Hello,

I support HB 2927 a National public vote and am asking for you to support it, too.

The Electoral College serves a purpose that is no longer appropriate or necessary. Oregon voters should count as much as any others, yet Oregon had no presidential campaign events in 2016, 2012, or 2008. Oregon is virtually ignored by presidential candidates because we don't have the EC votes of CA, FL or TX.

The candidate supported by the most voting Americans should win.

Thank you,
Jennifer Stacy
