

Dear Representative Diego Hernandez,

I know I have written you before (twice, in fact) about this subject, and I know that you are a supporter of the bill in its incarnation as HB 2927. I will assume that renumbered as HB 2931 it remains the same or similar enough to have your continued support. For all I know the renumbering is simply administrative, and doesn't involve any changes. I will check.

I feel that the electoral college system is terribly antiquated for our current national circumstances, and the change to popular vote will serve us well in the future.

I know you support the concept, as your office did respond to my first message, so please save some time and skip any response to this one, unless there is something I should know about which you can enlighten me. I will read more about the exact language of the bill when I have a few minutes.

Thank you for your support for this important idea.
