

To Whom It May Concern:

Please please please do not pass HB 2927. The Constitution was drafted in such a way to grant smaller states (in population) powerful voting rights so as not to have the State's interests taken by larger population centers. This Bill seeks to undo that and makes an Oregon voters vote less meaningful. I do not want my vote and the vote of my fellow Oregonians made meaningless and coopted by outside voters. Quite precisely, this bill would be worse than any foreign interference with our elections as we would be allowing political forces outside of this state to marginalize our voice. I urge this bill to be shut down and not even put to a floor vote. Of all the things happening in the world today, the proposal for this bill may be the nation's biggest constitutional crisis. **DO NOT RUSH THIS THROUGH IN A PANIC.**
