I support HB 2004. I am an educated professional and was downsized out of my job in 2014. I have struggled to stay housed for over two years with 10% rent increases each year and a property management company with questionable ethics between me and homelessness as I try to get back on my feet personally and professionally. It's been really stressful. These difficult circumstances are happening to all kinds of people all over Portland.

Sincerely,
Cheryl Taylor
