Subject: Yes on HB 2004

Hi there! Friendly Oregonian small business owner here. No-cause evictions and greed-driven rent raises are needless sources of anxiety on an increasingly larger segment of the population as home-ownership becomes unattainable for more and more families. People without a stable home are much less likely to be strong, contributing members of our society! Please vote yes so we can keep those families contributing taxes and participating economically so the budget deficit doesn't get bigger.
