Dear Oregon Legislature,

I am 100% in favor of HB2004 as a critical step in supporting Oregonians in finding and keeping affordable housing. As a young renter working full-time with no savings, I see this bill as a good way to help protect people like myself. I also see affordable housing protections and renter protections as important to keeping people from becoming houseless, which is both terrible for the individuals and for the expensive burden on society resulting from their position.

Thank you for your votes,
