

*I'm a landlord in Jackson County and I urge you to oppose HB 2004-A.*

*I own 3 rental dwellings in Jackson and I feel this measure take away my rights as a homeowner/landlord. I treat my tenants fairly and with respect. I repair and take care of the needs of my tenants. There are times when costs need to be passed down to the tenants like property tax increases so I can maintain the property.*

*So please I urge you to oppose HB2004A for us little landlords.*

*Thank you,*
