

Greetings,

I am writing as a local constituent to thank you for your support of SB1008. However, it is urgent that the state of Oregon do more.

SB1008 is essential because:

- Diesel pollution in Oregon is increasing risk of cancer; damaging the heart, lungs; brain function; causing premature death; costing billions in health care costs and lost productivity.
- Diesel pollution is the sole source of one of Oregon's worst toxic air pollutants, and can contain cadmium, arsenic, benzene, formaldehyde and chromium compounds.
- Cleaner diesel engines can run with 95% less pollution; deliver as much as \$17 in health benefits for every clean-up dollar invested; and can deliver short-term benefits to our climate by reducing black carbon pollution.

Thank you for your efforts on behalf of all Oregonians.

Respectfully submitted,

Laura Milne
