

House Rules Committee;

I am unable to make it to the meeting so I felt I should send this.

Reasons to keep the Electoral College.

New Outlook Express and Windows Live Mail replacement - get it here:

- 1) Too many times in an election, "the passions of the people" take over and they vote with their emotions rather than their logic. The college is more logical rather than emotional.
- 2) Twenty seven (27) states (most of rural America) were NOT visited by the 4 major candidates. The large cities/states would rule the country without the Electoral College.

Let's keep the Electoral College so all Americans are represented.
