

My name is Diane Hoffman and I've lived in Portland, OR for the last 15 years. I support a quick vote on HB 2927, so it can move to the whole House and then onto the Senate. I support this because I want all citizens' votes (Oregonians especially) to count, not only those in Florida, North Carolina, Pennsylvania, and Ohio. Let this be a step in moving towards non-partisan policy.

Respectfully,

Diane Hoffman
