

As an Oregon resident and citizen of the U.S. I would like to make my position known in regard to the national electoral college system. In my opinion it is antiquated, has at times brought disastrous results, invites less than honorable politicians to use corrupt practices like gerrymandering, and simply does not reflect the will of the majority of Americans. We really can not afford to go on like this. Too much is at stake. Please do your part to bring us into the 21st century and change the system so that the popular vote determines who will lead us.

Thank you.
