Date: Thursday, May 04, 2017 4:46:52 PM

Please note that I am opposing Housebill 2004-A now in the Senate. This bill will limit how much I can raise the rent, require payment of relocation fees if you ask a tenant to vacate, and the banning of no-cause notices except in certain situations.

Rent control is bad for our economy. And why should I pay a tenant to move in order to obtain my property back?
