Chair Roblan,

HB 3029 is a very important bill. As I sat in House Ed and heard the testimony on this bill, I felt compelled to sign on as a sponsor. This bill is important for kids and also important to the parents to make sure that the overall wellbeing of their child is taken care of. Kids with special needs deserve to have this exception so that they are able to better fit in with their peers. I know as a parent, all I want for my kids is for them to succeed and have a fair shot at life. This bill allows for kids who need more time, to take one more year so that they are set up for the best possible scenario to succeed. I thank the great Representative from Lane & Douglas county for bringing this forward and I hope that you will join me in supporting this bill.
