Subject: SB990- NO on SmNuke Reactors

Hello,

I urge a NO vote on small nuclear reactors for Oregon.

I was opposed to SB 990 in the Oregon State Senate, now it's up to the Legislature.

Oregon is known world-wide as a clean energy leader.

As elected officials, its your duty to maintain reputation.

Nuclear power cannot be separated from its unsafe, radioactive legacy.

Thank you,

Bonnie McKinlay
