**Subject:** Whisnant's House Bill 2027  
**Date:** Monday, May 22, 2017 9:57:05 AM

---

Dear Senate Committee,

Whisnant's bill is a misrepresentation of the community's interests and needs. I've lived in Bend since 1973 and been actively involved in the community at many levels including serving on boards of a number of different environmental organizations. I've never even heard of the Upper Deschutes Conservation Council! That sounds like a scam. I believe the Bend Park and Recreation District does a great job of representing community interests. They certainly understand the community's needs better than Whisnant. Please shoot down Bill 2027.

Thanks, Peter
