Re: Definition of "dental care organization"

Dear Mr. Droppers:

This letter is in response to your request for a definition of "dental care organization" for purposes of A-engrossed House Bill 2882. A dental care organization is a type of prepaid managed care health services organization, which is defined in ORS 414.025 (21). Therefore, a dental care organization is a managed care organization that contracts with the Oregon Health Authority under ORS 414.654 or with a coordinated care organization on a prepaid capitated basis to provide dental services to medical assistance recipients.

I hope this is helpful. Please do not hesitate to contact me if you have further questions.

Very truly yours,
