To Whom it may concern,

Please do not remove my right to make a profit.

I am a property owner. I have worked hard to earn enough money to purchase apartments in the Newberg area. Earning this money has not been easy, I worked, scraped and sacrificed so that I had a down payment and could afford to purchase a rental property. I do not count on the government for anything. I do not even plan to have a retirement because of the wasteful spending of our government. So, I am making my own way, I am not a college graduate I am just a hard-working women.

I plead with you not to give away my profits while providing financial protection for those who are not in the same financial place as I am. It is my right to earn money and turn a profit. With fixed rent control I will be shackled and not as likely to see that intended profit for my success in life. I do not give the government permission to tamper with my livelihood. Find a different way to help the less fortunate.

Thank you
