**Subject:** SB 360 Relating to prisoner reentry  
Work Session Recommendations

Senate Bill 360 directs each county to establish a community service exchange program for individuals to perform community service in lieu of payment of delinquent fees or debts or fees for supervision. The local supervising authority may determine whether to participate in the community exchange program or if a community-based organization qualifies for the program. The measure requires that the community-based organizations that enter into agreements with individuals must also supervise and track the work performed to fulfill the agreement.

The original staff measure summary and the fiscal impact statement are available on the Oregon Legislative Information System (OLIS). The measure previously had hearings in the Senate Judiciary Committee on 3/9/2017, 3/28/2017, and 4/18/2017.

The measure is anticipated to have an indeterminate impact to counties and their community corrections programs. Currently, offenders on parole or post-prison supervision are required to pay a fixed fee to counties that is intended to cover the costs of an offender’s supervision, but those fees can be reduced or modified by the county. Both revenue and expenditures for each county exchange program would be dependent on the number of offenders that were eligible and the amount of time they participated in the program.

**Final Subcommittee Action**

MOTION: I move SB 360 to the Full Committee with a do pass recommendation.
