

Good afternoon!

I am writing in support of the new Transportation Bill (House Bill 2017). Namely in support of these aspects:

- Remove the ten-year sunset on the program
- Expand street safety funding to \$15M per year
- Fund in-classroom education with \$6M per year
- Include Title 1 prioritization for street safety projects
- Create flexibility in match requirement for Title 1
- Expand radius for eligible projects around schools to 1 mile

As a business owner, community member, and community mentor we need to secure our streets for future generations.
