The Honorable Jennifer Williamson, Chair, & Members  
House Committee on Rules

**Re: HB 3464**

Dear Chair Williamson & Committee Members:

I am dismayed and astounded that another 11<sup>th</sup> hour move to assist and support illegal aliens is being considered.

The voters of Oregon made very clear their feelings on government benefits for illegal aliens with Measure 88 in 2014. The sponsors of this bill obviously know that, which is clearly the reason for its bogus "emergency" clause. Likewise you, as legislators who remember SB 833 and the reaction in our state have to be aware of the history.

HB 3464 is shameful, arrogant and irresponsible! It is a brazen nose thumb at Oregon's legal residents. **PLEASE: Respect the LEGAL citizens of Oregon and KILL THIS THING!**

Respectfully,

*Jerry Ritter*
