

HB 3464 (Limits Citizen Status Checks) is a crime against every American citizen and Oregonian. Every politician who votes for this crime against the people should be sent to prison. If this bill passes, I will demand the federal government arrest Kate Brown for her crimes.

Kate Brown and her criminal conspirators are lying when they declare this bill an emergency. It is their deceitful way to keep the people from acting on our Constitutional Right to hold a Referendum, to vote this corruption down.

No honest American would vote yes for such a crime as is HB 3464.
