

Dear Legislator,

I am writing to ask you to oppose HB 3464. We are a nation of laws and I expect our lawmakers not to pass bills that would aid and abet people who are breaking the law. Our elected leaders should be expected, by their oath of office, to uphold the laws of this nation, not work to circumvent them to benefit people here illegally and at the expense of the Oregon taxpayer!

Sincerely,

Melissa Anderson (a registered voter)
