We don't need more roads for cars  
in the city of PDX. We need safe  
roads for children and families. We need  
help in SE portland east of 82nd.  
This project of mega improvements  
should not be funded in our budget.  
My family can't afford  
to drive through the  
city, we ride bikes  
and transit and we need  
more equality in our area! ZIP 97266

I'm a CPA and in my opinion,  
spending a billion dollars of  
our tax money on a few  
freeway widening projects,  
is a huge waste of money.

The answer to traffic congestion  
is fewer cars on the road, period.  
That means channeling  
resources into transit and  
other modes which are more  
efficient and don't cause the  
epic damage caused by mass  
driving

Widening freeways  
will make Portland's congestion  
worse! This is fighting  
fire w/ gasoline.  
Please spend this money  
on BA transit, not  
freeways!

Highway expansion  
has proven an  
unsuccessful way  
to improve traffic.  
How about better  
more public transit.  
1 bus = 20 ~~per~~ cars  
off the road, it  
should be plain  
to see.

I am strongly

relieve congestion  
just encourages  
more driving

Induced demand is a  
very real thing when it comes  
to expanding roadway capacity.  
We need to learn from other  
cities that have attempted  
to build there way out of  
congestion.

Money should be invested  
in bicycle & pedestrian projects  
and transit.
