The STATE of Oregon is currently in very deep financial debt.

To pass the bill allowing illegal and/or undocumented persons to receive public benefits without determining ~~their~~ eligibility as citizens of the United States of America.

Governor

Kate Brown's decision would further push negatively and create law breaking upon employers in regard to federal tax laws in deducting employee fees due to the lack of correct identification for purpose of deducting costs of hiring and insuring and paying taxes on illegal immigrants.

Every Service agency, hospitals, schools - would further destroy the budgets of same. This is financial state suicide.

As a legal-law abiding tax paying citizen in the state of Oregon I am being directly damaged.

I am less safe in my home and travels and am having to give away for free services I and my fellow Oregonians are being robbed of, "Transparency in Govt." I am being robbed of Taxation due to a lack of representation.

There can be immigrants but there has historically been a requirement to apply-register and comply with Federal Laws. When did this stop and why.

I demand redress and protection from illegal theft. Go back to the foreign citizen registration act.

This state is prohibiting and interfering with the laws of Immigration and fact finding based on legal Federal Reference
