Date: Tuesday, June 13, 2017 10:05:01 AM

I am an Oregonian demanding that the corporations pay fair taxes and we stop cutting programs for the most of us for tax breaks for the wealthy! Oregon citizens are tired of cutting programs for our government services, health, environment, schools, social aid, roads, infrastructure and parks and wildlife! We the people are coming for the politicians who don't make us Number 1 right now! We are the resistance and we've had it with your catering to the wealthy, we demand you do your dam jobs for us or get the H out!

Furious citizen
