Package 107 Umatilla Field Presence

Package Description
This package provides Other Funds and Federal Funds expenditure limitation for four Assistant Watermaster positions and one Office Specialist 2 position located in Umatilla County in the ORWD Pendleton and Milton-Freewater offices. The positions are currently all employees of Umatilla County. Three of the positions are directly funded by the County and two of the Watermaster positions are funded by the contract between the County and the US Bureau of Reclamation (BOR). The County has indicated it will terminate the five positions, but it will continue financial support for the positions, providing the funding for the three directly funded positions to WRD via contract and shifting the BOR contract to WRD for the remaining two positions. The additional limitation allows the agency to establish the five positions in the department and execute the required funding agreements with Umatilla County and with the Bureau of Reclamation to support the five positions. The package authorizes five full-time permanent positions (5.00 FTE). The agency will not fill the positions if funding agreements are not reached.

Package 801 LFO Analyst Adjustments

<u>Package Description</u> This package reduces ongoing General Fund support for new observation wells by \$100,000 and gauging stations by \$50,000. Both of these programs have sufficient funding remaining after this reduction to enable the agency to complete the work queue in these programs for the 2017-19 biennium. The package also makes a one-time reduction to personal services in the amount of \$20,000 in the Technical Services Division. These reductions are to align the agency's budget with the Joint Committee on Ways and Means Co-Chair budget framework.

---------------	--------------------	-------------	------------------	---------------------------	--------------------------------	-------------	-----------	----------------------------------

Package 070 Revenue Shortfalls

<u>Package Description</u> This package removes \$366,609 in Other Funds revenue, \$375,025 in Other Fund expenditure limitation, and 2.50 FTE. The Water Rights fee schedule established in 2013 sunsets on June 30, 2017, and reverts to the 2009 fee schedule. A reversion to 2009 fee levels will result in the reductions identified above. These reductions are restored in policy option package 100 with revenues assumed from the passage of HB 2295 that adjusts fees and eliminates the reversion of those fees to the 2009 fee schedule.

Package 100 Water Rights Fee Increase and Add-Back Package

<u>Package Description</u> This package restores revenue shortfall reductions and associated expenditure reductions in Package 070. This change assumes the passage of HB 2295 that increases certain fees and eliminates the revision of those fees to 2009 levels. The package also recognizes \$471,508 in additional revenues beyond the amounts restored from package 070.
