6/13/17

HB 2830

My name is Cynthia LaChester and I live in SE Portland

I'm here today because I deeply Care about our Seniors and the Disabled

I'm very concerned that corporations are not paying enough in taxes here in Oregon.

If cuts are made to our services it will impact my clients and my household.

The bill you are considering is going in the right direction but our clients and families deserve more by passing higher corporate taxes that will make a huge difference in revenue.

I'm 64 years old I work for two clients but due to hours caps I'm working seven days a week and I pump gas at a gas station part time due to higher rent increases, so that I'm not homeless.

We need a revenue package that works to reverse the decades of divestment on our schools and disabled people in this state.

I pray that you make the right decision. Thank you for listening to me, my clients and myself are counting on you to do the right things for the State of Oregon.
