No amendment.

BACKGROUND:

Exempt Lease from Taxable Owner - 307.112

Under current law, real or personal property of a taxable owner held under lease, sublease or lease-purchase agreement by an institution or organization granted exemption or the right to claim exemption is exempt if the property is used in accordance with exemption requirements and the rental price of the property has been established to reflect the savings below market rent resulting from the exemption from taxation. Application is required to be filed with county assessor to receive exemption.

HB 3453 would modify language requiring benefit of exemption and the tax savings that result from exemption, to inure solely to the benefit of the exempt organization leasing the property.

Exempt Lease from Exempt Owner - 307.166

Under current law, property exempt from property taxation that is held by an exempt owner and the exempt owner leases or otherwise grants the use and possession of the property to another institution or organization that is likewise granted exemption, the property is exempt from property taxation. For the property to be exempt, the rent payable under the lease or other grant of use and possession must reflect the tax savings resulting from the exemption. Application is required to be filed with county assessor to receive exemption.

HB 3453 would modify language requiring benefit of exemption and the tax savings that result from exemption, to inure solely to the benefit of the exempt organization leasing or subleasing the property.
