The Constitution has given state legislatures the power to decide how electoral votes will be cast and I want Oregon's legislators to do their jobs and pass NPV cleanly.

I feel very strongly that this is the right thing for Oregon and America. One person - one vote and every vote counts. The President, who represents all the people should be elected by the majority of the people, not by an archaic system. Are we a country or a group of independent states?

Clearly, as a country, our leader should be elected by the PEOPLE, not by states weighted unequally through the electoral college. This is a very simple, bipartisan issue. It is time for Oregon to join the NPVIC!
