

I urge you to vote in favor of HB 2927, the National Popular Vote bill, and *not* in support of SB 825. It is critical for the integrity of our democracy that the actual will of the people be reflected in the outcome of presidential elections. A vote for HB 2927 ensures that you are enacting one of your Constitutionally granted responsibilities and not abdicating responsibility by passing it off and refusing to take a stand.

Thank you,
Lisa Wright
