

Dear Rules committee I give my highest support to the Oregon Legislature passing HB 2927 and not to pass SB 825.

So I understand it the constitution grants the state legislatures the power and responsibility of how our electors vote. Please follow this constitutional responsibility by passing HB 2927. And not by creating a huge and costly referral to the voters.

This issue is a make or break issue for me for how I support senators in the future. In my opinion we need the NPV asap and that is not what SB825 would do. I cannot in all good consciousness vote for people that support SB 825 in the future.

Sincerely, Mark Mention
