

I am writing today to voice my support for HB 2927. I am against SB 825, because it is my understanding that it is the legislature's responsibility to decide on a state's electoral college procedures. That is the process used in the past. A referendum is not only a wrong approach to electoral college issues, but such an approach would be expensive and lengthy.

I want my vote to count. Please support HB 2927.
