

As an Oregonian I strongly urge the Oregon legislature to pass House Bill 2927 as is and do not pass SB 825, which I see as a way of hampering the passing of this important issue.

I believe The President should be representative of all people of the United States and it is time we as Oregonians adopt the National Popular Vote Interstate Compact so **one person = one vote**. I would like to raise my young children in Oregon as proud Americans who know that their individual vote will count no less or no more than the vote of any other American, regardless of geography.

Thank you,
