

Hello,

I live in McMinnville (zip code 97128), and I would like to submit written testimony for the Senate Rules Committee hearing today. I am in favor of HB2927, because I want my vote to truly and fully count. I do not support SB825, because I think this is the state's responsibility, and don't want it shifted to voters.

Thanks very much for your consideration,  
Shay McClean
